With the 2024 ALAS Tournament Season fast approaching we look forward to partnering with Louisiana companies and organizations that see the value of the Archery in Louisiana Schools Program. As a result of our expansion, we now host four annual tournaments, offering additional opportunities for student participation and providing more opportunities for our sponsors to promote themselves while supporting a great program that will benefit our youth.

We understand how great a commitment donations are in these economic times and we sincerely appreciate your contribution. Trust in knowing that your donation will be used to promote ALAS, enabling our kids in Louisiana to experience all the wonderful benefits archery has to offer. Thank you in advance for your support of this program.
