Hunting Regulations for the 2023-2025 Seasons  
(LAC 76:XIX.Chapter 1)

Notice is hereby given that the Wildlife and Fisheries Commission proposes to amend the general and wildlife management area rules and regulations for the 2023-2024 season, the resident game hunting season for the 2023-2025 hunting seasons, the general and wildlife management area rules and regulations for the turkey season, the turkey hunting areas, and seasons, and bag limits for the 2024 turkey season, and the migratory bird seasons, regulations, and bag limits for the 2023-2024 hunting season. The department manages the take of resident game, outlaw quadrupeds and migratory birds in Louisiana and this action defines legal participants, sets the legal season bag limits along with legal methods of take and hunting season dates for the 2023-2024 hunting season for wildlife in Louisiana. The new hunting rules and regulations for the 2023-2024 and 2024-2025 seasons clarify opening and closing dates of certain hunting seasons; adds legal gear for hunting exotics and deer in Louisiana; establishes new regulations for certain wildlife management areas (WMA); clarifies rules and regulations for hunting and discharging firearms on roads on WMAs, establishes a Limited Access Area and changes Small Game Emphasis Area regulations on Pomme de Terre WMA, removes a Small Game Emphasis Area on Bayou Pierre WMA and adds one on Bodcau WMA, adds nighttime raccoon hunting days on Bodcau WMA, creates a youth lottery deer hunt and removes some Physically Challenged Hunter Permit (PCHP) hunting weekends on Alexander State Forest WMA, closes Bussey Brake WMA to certain nighttime activities, opens a waterfowl hunting area during the modern firearm either-sex deer hunt on Dewey Wills WMA, adds either-sex

firearm hunting days on Joyce and Maurepas Swamp WMAs, changes firearm hunting days on Little River WMA, removes a youth turkey lottery on Pearl River WMA and establishes a youth turkey lottery on Sandy Hollow WMA, closes turkey season on Richard K. Yancey and Sherburne WMAs, removes a turkey lottery and modifies the timing of turkey season on Tunica Hills WMA and establishes a PCHP limited use area and wheelchair blind on West Bay WMA; moves the portions of Franklin and Tensas parishes that were in Turkey Area A to Turkey Area C; and changes the bag limit for mottled ducks the first 15 days of the waterfowl season.

The Secretary of the Department of Wildlife and Fisheries is authorized to take any and all necessary steps on behalf of the commission to promulgate and effectuate this Notice of Intent, including but not limited to, the filing of the Fiscal and Economic Impact Statement, the filing of the Notice of Intent and compiling public comments and submissions for the commission's review and consideration. In the absence of any further action by the commission following an opportunity to consider all public comments regarding the proposed rule, the Secretary is authorized and directed to prepare and transmit a summary report to the legislative oversight committees and file the final Rule.

**§111. General and Wildlife Management Area Hunting Rules and Regulations**

A. Hunting Seasons and Wildlife Management Area (WMA) Regulations

1. The rules and regulations contained within this digest have been officially approved and adopted by the Wildlife and Fisheries Commission under authority vested by sections 115 and 116 of title 56 of the *Louisiana Revised Statutes* of 1950 and are in full force and effect in conjunction with all applicable statutory laws. The secretary of the Department of Wildlife and Fisheries (LDWF) has the authority to close or alter seasons in emergency situations in order to protect fish and wildlife resources.

2. Pursuant to section 40.1 of title 56 of the *Louisiana Revised Statutes* of 1950, the Wildlife and Fisheries Commission has adopted monetary values which are assigned to all illegally taken, possessed, injured or destroyed fish, wild birds, wild quadrupeds and other wildlife and aquatic life. Anyone taking, possessing, injuring or destroying fish, wild birds, wild quadrupeds and other wildlife and aquatic life shall be required to reimburse the LDWF a sum of money equal to the value of the wildlife illegally taken, possessed, injured or destroyed. This monetary reimbursement shall be in addition to any and all criminal penalties imposed for the illegal act.

B. Resident Game Birds and Animals

1. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

C. Other Season Dates

1. Turkey. Please refer to turkey regulations.

2. Raccoon and Opossum. No closed season. Raccoon and opossum can be taken at night by one or more licensed hunters with one or more dogs and one .22 caliber or smaller rimfire firearm. A licensed hunter may take raccoon or opossum with .22 caliber or smaller rimfire firearm, .36 caliber or smaller muzzleloader rifle, archery gear, air rifle or shotgun during daylight hours. Hunting from boats or motor vehicles is prohibited. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. The remainder of the year, the raccoon and opossum bag limit for daytime or nighttime is two per person per day or night. No one who hunts raccoons or opossums as prescribed above shall pelt during the closed trapping season nor sell skins or carcasses of raccoons and opossums taken during the open trapping season unless he is the holder of a valid trapping license which shall be required in addition to his basic hunting license. Pelting or selling carcasses is illegal during closed trapping season.

3. Nutria. On WMAs and private property nutria may be taken recreationally by licensed hunters from September 1 through the last day of February, during legal shooting hours by any legal hunting method with a daily limit of five. Except nutria may be taken on Atchafalaya Delta, Salvador/Timken, Pointe-Aux-Chenes and Pass-a-Loutre WMAs from September 1 to March 31. When taken with a shotgun, non-toxic shot must be used. On WMAs during waterfowl seasons, nutria may be taken only with the use of shotguns with shot no larger than F steel, and during gun deer seasons, anyone taking nutria must display 400 square inches of “hunter orange” and wear a “hunter orange” cap or hat. Recreational nutria hunters must remove each nutria carcass in whole condition from the hunting area, except that nutria may be gutted. Possession of detached nutria parts, including nutria tails, by recreational hunters is illegal. Nutria harvested recreationally may not be pelted nor may such nutria or any nutria parts from

recreationally taken nutria be sold, including the tail. Trespassing upon private property for the purpose of taking nutria or other furbearing animals is punishable by fines and possible jail time (R.S. 56:265). The Coastwide Nutria Control Program is a separate program and is in no way related to the nutria recreational season. For questions on the Coastwide Nutria Control Program, call the Lafayette Field Office, (337) 735-8672.

4. ~~Blackbirds and~~ Crows. The season for crows shall be September 1 through January 1 with no limit; ~~however, e Crows~~, blackbirds, cowbirds and grackles may be taken year round during legal shooting hours if they are depredating or about to depredate upon ornamentals or shade trees, agricultural crops, livestock, wildlife, or when concentrated in such numbers as to cause a health hazard. Louisiana has determined that the birds listed above are crop depredators and that crows have been implicated in the spread of the West Nile virus in humans. As described in 50 CFR Part 21, non-toxic shot must be used for the take of crows, blackbirds, cowbirds and grackles under the special depredation order. In addition an annual report has to be submitted to the U.S. Fish and Wildlife Service for those that participate in the take of these species.

5. Pheasant. Open concurrently with the quail season; no limit.

6. Falconry. Special permit required. Resident and migratory game species may be taken except turkeys. Seasons and bag limits are the same as for statewide and WMA regulations. Refer to LAC 76:V.301 for specific falconry rules.

7. Licensed Hunting Preserve, October 1-April 30, Pen-Raised Birds Only. No limit entire season. Refer to LAC 76:V.305 for specific hunting preserve rules.

8. Deer Management Assistance Program (DMAP). Refer to LAC 76:V.111 for specific DMAP rules. Deer management assistance tags must be in the possession of the hunter in order to harvest an antlerless deer. The tag shall be attached through the hock in such a

manner that it cannot be removed before the deer is transported (including those taken on either-sex days and those taken with approved archery equipment or primitive firearms). Failure to do so is a violation of R.S. 56:115. Deer harvested on property enrolled in DMAP do not count in the season or daily bag limit for hunters when legally tagged with DMAP tags. DMAP participants must follow the deer season schedule established for their respective areas, EXCEPT antlerless deer may be harvested any day of the deer season on property enrolled in DMAP provided that a DMAP tag is possessed by the hunter at the time of harvest. Failing to follow DMAP rules and regulations may result in suspension and cancellation of the program on those lands involved.

The running of coyotes with dogs is prohibited in all turkey hunting areas during the open turkey season. Coyote hunting is restricted to chase only when using dogs during still hunting segments of the firearm and archery only seasons for deer. Foxes are protected quadrupeds and may be taken only with traps by licensed trappers during the trapping season. Remainder of the year "chase only" allowed by licensed hunters. On private property, outlaw quadrupeds may be taken with or by means of an automatic-loading or hand-operated repeating shotgun capable of holding more than three shells when using buckshot or rifled slug ammunition and may be taken while riding or standing in or upon a moving land vehicle.

10. Nighttime Take of Nuisance Animals and Outlaw Quadrupeds. On private property, the landowner, or his lessee or agent with written permission from the landowner and the landowner's contact information in his possession, may take outlaw quadrupeds (coyotes, armadillos and feral hogs), nutria, or beaver during nighttime hours. However, no person shall be allowed to participate or be present during the nighttime hunting activities if convicted of a Class 3 or greater wildlife violation within the previous five years or if he has any other

prohibition which would prevent the legal use of a firearm or participation in a hunting activity. Such taking may be with or without the aid of artificial light, infrared or laser sighting devices, or night vision devices. In addition, pursuant to R.S. 56:116(D)(3) any person who is authorized to possess a firearm suppressor may use a firearm fitted with a sound suppressor when taking outlaw quadrupeds, nutria, or beaver. Spot lighting or shining from public roads is prohibited by state law. Hunting from all public roads and public road rights-of-way is prohibited.

12. Tags. Any part of the deer or wild turkey divided shall have affixed thereto the name, date, address and deer or turkey or youth license number, whichever is the appropriate license, of the person killing the deer or wild turkey and the sex of that animal. This information shall be legibly written in pen or pencil, on any piece of paper or cardboard or any material, which is attached or secured to or enclosing the part or parts. See DMAP Regulations (LAC 76:V.111) for deer management assistance tagging requirements on lands enrolled in DMAP.

13. Sex Identification. Positive evidence of sex identification, including the head or sex organs, shall remain on any deer taken or killed within the state of Louisiana, or on

all turkeys taken or killed so long as such deer or turkey is kept in camp or field, or is in route to the domicile of its possessor, or until a deer has been appropriately tagged and validated, and proof of electronic tagging or the carcass tag remains with the carcass, or until such deer or turkey has been stored at the domicile of its possessor or divided at a cold storage facility and has become identifiable as food rather than as wild game. Possessors of any portion of a deer or wild turkey, which has been divided in camp or field, without evidence of positive sex identification shall affix a tag in accordance with LAC 76:XIX.111.D.12 identifying the sex of the animal.

E. General Deer Hunting Regulations

1. Prior to hunting deer, all deer hunters, regardless of age or license status, must obtain carcass or electronic deer tags and have in possession when hunting deer. Immediately upon harvesting a deer, the hunter must tag the deer with the appropriate carcass or electronic tag. Deer tags may only be used by the hunter to whom the tag was issued. Hunters who allow their deer tags to be used by another person, or who use tags issued to another person, are in violation of this Rule and are subject to fines and other administrative penalties, including, but not limited to, the automatic forfeiture of any remaining deer tags for the season for which they are issued. If using physical tag, the parish and date of kill must be documented on the deer tag and the hunter must validate the harvest by calling the validation toll free number or by utilizing the department's website within 72 hours of the kill. Hunters utilizing electronic tags shall electronically tag and validate their harvest before moving the deer. Hunters harvesting deer on DMAP lands can validate deer per instructions by LDWF using the DMAP harvest data sheets.

2. 2022-2023 2023-2024 Season. One antlered and one antlerless deer per day (when legal) except on Kisatchie National Forest, Indian Bayou Area owned by the US

Army Corps of Engineers, and some federal refuges (check refuge regulations) where the daily limit shall be one deer per day. Antlerless deer may be harvested during entire deer season on private lands (all seasons included) except as specified in deer hunting schedule. This does not apply to public lands (WMAs, national forest lands, and federal refuges) which will have specified either-sex days. Deer harvested on property enrolled in DMAP may not count in the season or daily bag limit for hunters. See DMAP Regulations (LAC 76:V.111) for more information.

3. ~~2023-2024~~ **2024-2025** Season. One antlered and one antlerless deer per day (when legal) except on Kisatchie National Forest, Indian Bayou Area owned by the US Army Corps of Engineers, and some federal refuges (check refuge regulations) where the daily limit shall be one deer per day. Antlerless deer may be harvested during entire deer season on private lands (all seasons included) except as specified in deer hunting schedule. This does not apply to public lands (WMAs, national forest lands, and federal refuges) which will have specified either-sex days. Deer harvested on property enrolled in DMAP may not count in the season or daily bag limit for hunters. See DMAP Regulations (LAC 76:V.111) for more information.

4. A legal antlered deer is a deer with at least one visible antler of hardened bony material, broken naturally through the skin. Killing antlerless deer is prohibited except where specifically allowed.

5. *Either-sex deer* is defined as male or female deer. Taking or possessing spotted fawns is prohibited.

6. It is illegal to hunt or shoot deer with **centerfire** firearms smaller than .22 caliber, **centerfire rimfire firearms smaller than .30 caliber**, or a shotgun loaded with anything

other than buckshot or slug. Pre-charged pneumatic devices may be used during the modern firearm season for deer provided that they fire a projectile of at least .30 caliber in diameter and at least 150 grains in weight with a minimum muzzle velocity of 800 feet per second or any combination of bullet weight and muzzle velocity that produces muzzle energy of at least 215 foot pounds of energy. Arrows or bolts used with a pre-charged pneumatic device shall only be used with well sharpened broadhead points and may be used to hunt deer only during modern firearm deer season. Handguns may be used for hunting.

7. Taking game quadrupeds or birds from aircraft, participating in the taking of deer with the aid of aircraft or from automobiles or other moving land vehicles is prohibited.

8. Still hunting is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs or moving vehicles, including ATVs, when or where a still hunting season or area is designated, is prohibited and will be strictly enforced. The training of deer dogs is prohibited in all still hunting areas during the gun still hunting and archery only season. Deer hunting with dogs is allowed in all other areas having open deer seasons that are not specifically designated as still hunting only. A dog may be used to trail and retrieve wounded or unrecovered deer. The dog must be leashed during legal hunting hours, but may be unleashed after legal hunting hours. Any dog used to trail or retrieve wounded or unrecovered deer shall have on a collar with owner's name, address, and phone number.

9. It is illegal to take deer while deer are swimming or while the hunter is in a boat with motor attached in operating position; however the restriction in this Paragraph shall not apply to any person who has lost one or more limbs.

10. Areas not specifically designated as open are closed.

11. It is unlawful to import, sell, use or possess scents or lures that contain natural deer urine or other bodily fluids, except natural deer urine products produced by manufacturers or entities that are actively enrolled and participating in either the Responsible Hunting Scent Association (RHSA) or Archery Trade Association Deer Protection Program, which has been tested using real-time quaking induced conversion (RT-QuIC) and certified that no detectable levels of Chronic Wasting Disease (CWD) are present and is clearly labeled as such.

12. Primitive Firearms Season: Still Hunt Only. Specific WMAs will also be open, check WMA schedule for specific details. A deer or senior license, whichever is appropriate, is required for all hunters 18 years of age and older. Additionally, any person younger than 18 years of age hunting the primitive firearms season shall have in their immediate possession a valid, original youth license. Either-sex deer may be taken in all areas open for deer hunting except when a Bucks Only season is in progress. In such cases, hunters must conform to the bucks only regulations except antlerless deer may be harvested any day of the deer season on property enrolled in DMAP provided that a DMAP tag is possessed by the hunter at the time of harvest.

a. Legal Firearms for Primitive Firearms Season

i. Rifles or pistols, .44 caliber minimum, or shotguns 10 gauge or smaller, all of which must load exclusively from the muzzle, use black powder or approved substitute only, take ball, shot, or bullet projectile only, including sabot bullets, and may be fitted with magnified scopes.

Additionally, any person younger than 18 years of age archery deer hunting shall have in their immediate possession a valid, original youth license. Either-sex deer may be taken in all areas open for deer hunting except when a bucks only season is in progress for gun hunting, and except in areas 6 and 9 from October 1-15.

Archers must conform to the bucks only regulations except antlerless deer may be harvested any day of the deer season on property enrolled in DMAP provided that a DMAP tag is possessed by the hunter at the time of harvest. Either-sex deer may be taken on WMAs at any time during archery season except when bucks only seasons are in progress on the respective WMA.

a. Bow and Arrow Regulations. Traditional bow, compound bow and crossbow or any bow drawn, held or released by mechanical means will be a legal means of take for all properly licensed hunters. B. Tags

1. Prior to hunting turkeys, all turkey hunters, regardless of age or license status, must obtain turkey tags and have them in their possession while turkey hunting. Turkey tags may only be used by the hunter to whom the tag was issued. Hunters who allow their turkey tags to be used by another person, or who use tags issued to another person, are in violation of this Rule and are subject to fines and other administrative penalties, including, but not limited to, the automatic forfeiture of any remaining turkey tags for the season for which they are issued.

Immediately upon killing a turkey, hunters must attach a carcass tag to or electronically tag the turkey before it is moved from the site of the kill and must document the kill on the turkey harvest report card. If using carcass tags, the date of kill and parish of kill must be recorded on the carcass tag, and the tag must remain attached to the turkey while kept at camp or while it is transported to the domicile of the hunter or to a cold storage facility. Hunters who keep the carcass or meat at a camp must also comply with game possession tag regulations. Within 72 hours of the kill, the hunter must report the kill. Hunters may report turkeys electronically, calling the validation phone number, or using the validation website.

2. Turkey hunters purchasing licenses by phone will be given an authorization number and a LDWF identification number that will serve as their license and tags until the physical license and tags arrive by mail. Turkey hunters who have purchased a license with tags, but have not yet received their physical license and tags, must immediately tag their kill with a possession tag before moving it from the site of the kill. The authorization number and LDWF identification number must be recorded on the possession tag. Hunters must retain

documentation of any turkeys killed and upon receiving their physical tags and harvest report card, validate their kill as required in these regulations. The tags for turkeys killed prior to receiving the physical tags must be removed from the turkey harvest report card and discarded.

3. Tags removed from the turkey harvest report card prior to killing a turkey are no longer valid and if lost will not be replaced. Duplicate tags and turkey harvest report cards are available to replace lost report cards and attached tags. Hunters will be charged a fee for duplicate turkey harvest report cards and tags. Hunters that have killed a turkey prior to losing their remaining tag and harvest report card must remove and discard the duplicate tag to account for the original tag that was used and validated. Hunters must record any previously validated turkey on the duplicate turkey harvest report card.

C. Possession of Live Wild Turkeys. No person shall take live wild turkeys or their eggs from the wild. No person shall possess captive live wild turkeys, (*Meleagris gallopavo silvestris*, *M.g. osceola*, *M.g. intermedia*, *M.g. merriami*, *M.g. mexicana*) or their eggs, regardless of origin, without a valid game breeder license. No pen-raised turkeys from within or without the state shall be liberated (released) within the state.

D. Statewide Youth and Physically Challenged Season Regulations. Only youths 17 years of age or younger or hunters possessing a physically challenged hunter permit with wheelchair classification may hunt. Youth must possess a hunter safety certification or proof of successful completion of a hunter safety course. Youths must be accompanied by one adult 18 years of age or older. If the accompanying adult is in possession of hunter safety certification, a valid hunting license or proof of successful completion of a hunter safety course, this requirement is waived for youth younger than 16 years of age. Additionally, any person younger than 18 years of age shall have in their immediate possession a valid, original youth license.

Adults accompanying youth may not possess a firearm or bow. Youths may possess only one firearm or bow while hunting. The supervising adult shall maintain visual and voice contact with the youth at all times, except youths 12 years old or older who have successfully completed a hunter safety course may hunt without a supervising adult. Only one gobbler (male turkey) per day may be taken and any gobbler (male turkey) taken by the hunter during this special season counts towards their season bag limit of two.

E. Shooting Hours—one-half hour before sunrise to one-half hour after sunset.
